授業到達目標の達成度	All six units listed in the syllabus were studied. The students did well with the speaking and listening tasks.							
反省点	For a class with this number of students, everything was successful. The class atmosphere was good. The students practiced in pairs. However, if there were fewer students, the class would be better because each student would have more chances to speak and be corrected.							
来年度の計画	Next year the course will be similar. More efforts will be made to help the students improve their speaking and listening skills.							
授業評価アンケートに対するコメント	The students understood the content and seemed satisfied. I was happy to read their comments.
